PRESS RELEASE  
February 16, 2010 For Immediate Release

**Dr. Michael Richman returns to The Dennis Prager Show on KRLA 870 AM Radio on Thursday, February 18<sup>th</sup> at 11:00AM PST, 2010 to talk about your personal cardiovascular risk, the benefits of advanced cholesterol testing, or lipoprotein testing and Former President Bill Clinton's recent heart surgery.**

A regular guest on The Dennis Prager Show, Dr. Richman has covered topics specific to his specialty as a heart surgeon and lipid specialist including the safety of statin therapy, advanced cholesterol testing, risk factors for metabolic syndrome and the truth about HDL cholesterol. For the past several months, Dr. Richman has been a noted speaker on television and radio regarding the controversial Health Care Reform Bill and as an expert on cholesterol disorders.

On Tuesday, August 4<sup>th</sup> at 10A Pacific, Dr. Richman appeared on The Dennis Prager Show, giving a unique and often un-heard perspective on the controversial Health Care Reform Bill and how a government-sponsored health insurance program could affect the care you receive as a patient. Also, how government-run insurance stacks-up against private insurance and how he and other colleagues believe a government-sponsored healthcare system goes beyond low rates to doctors but sacrifices the patient in the long run.

On Thursday, February 11<sup>th</sup>, Dr. Richman appeared via satellite from New York city to more than 14 major US news broadcasts explaining the role of advanced cholesterol testing and how you can take charge of your heart health. Video clips of the news stories can be found at [www.lipidcenter.com](http://www.lipidcenter.com)
